

1. Furniture arrangement allows for staff supervision.

1a. Toys and materials are displayed on low shelves.

Description: Low shelves and baskets allow children easy access to toys and play sets, and support quick and easy clean-up after play.

Description: Another view of how low shelves can assist children's access to toys and materials.

1. Furniture arrangement allows for staff supervision.

1b. Arrangement of furniture does not block adult view of children.

Description: Young children at play are easily observed from all areas of the room.

Description: Low shelving permits the teaching staff to supervise children working in all areas of the room, and allows open views.
