

Examples: Supports for Helping Children Learn How to Interact and Play with Peers

The Fair Ways to Play poster is from the Second Step Curriculum. Please do not copy it. A good way to make a similar poster for your classroom is to use photos of your students to make a poster with similar rules for playing in centers.

The Head Start Center for Inclusion website has examples of social skills lessons and social scripts for supporting children with friendship and peer interaction skills. An example is below:

## Asking a Friend to Play

When I want to play with a friend I can ask them to play in lots of ways:

Playing with friends is fun!

I can tap my friend on the shoulder.

I can give my friend a toy that I want to share.

I can gently take my friend by the hand.

I can say "let's play!"
