

PRE-K DISTANCE LEARNING

MY
SCHOOL FAMILY

Week 2
April 6th - 10th

DISTANCE LEARNING

The following PowerPoint presentation outlines distance learning for the next week. Teachers will assign daily learning activities for students and opportunities for students and parents to conference with the teacher. The goal is to provide students with some continuity of learning through the distance learning platform. To access videos and other resources click the live links and pictures. This type of teaching is not meant to permanently replace teaching in the classroom, but we will do our best within the state and district guidelines. Thank you for your support at home! Enjoy the activities and videos from your teachers.
