

Download and print out the 5 snowmen and cut them, along with the sun, out and glue them to popsicle sticks so that you create puppets with them. Use your puppets to act out the fun 5 Little Snowmen song below.

5 Little Snowmen

5 little snowmen all
in a row.

5 little snowmen all
made of snow.

Out popped the sun
and it shone all day.

One little snowman
melted away.
