

Evidence of Lesson Planning

1c. Plans and activities consider and accommodate for individual needs, including IEP goals.

Quality Indicators:

- Teachers' plans indicate use of adapted materials and activities when needed.
- Teachers' plans indicate **multiple modes of presentation of lessons and activities and allow for repetition and practice across various settings.**
- Teachers plan for and allow **multiple modes of participation in various settings and situations.**

Questions to ask

- ✓ Are needed adapted materials readily available to children?
- ✓ Are activities planned to allow for multiple modes of learning and responding?
- ✓ Are IEP goals noted on lesson plans and evident in instructional strategies?

Universal Supports

- Teachers and staff should become familiar with strategies that support all children across a wide range of differences and needs.
- Plan for accommodations and specialized materials as appropriate. Consult with service providers and family members regarding meeting the needs.
- Monitor progress as well as success of supports in order to share and gather information with family.

Targeted/Specialized Supports

- Plan and implement a systematic process of prompting.
- Provide photos, visuals, and objects related to themes and lesson information.
- Plan for using specialized and adapted materials for motor, vision, and cognitive needs. Plans should include information related to each child's access to activities.
- Allow for extended practice, re-teaching, and strategies such as sensory breaks, and hands-on practice.
- Plan for practice in a variety of settings and situations.

Intensive Interventions

- Consult and collaborate with family and service providers to support goals and be certain that adapted materials are provided.
- Include skills that are related to real-life and provide examples during lessons that allow children to use the information.
- Include adaptive and personal-care skills in the daily schedule and provide sufficient support and practice for children to learn the skills.
- Implement specific plans to address behaviors, communication, AAC use as needed.
