Evidence of Lesson Planning

1b. Teachers know and can describe instructional objectives and purpose of activities.

Quality indicators:

- Teachers can explain what children are learning throughout the day for all indoor and outdoor activities.
- Teachers can explain how activities relate to State Standards or IEP goals.
- Teachers are aware of IEP goals, accommodations and/or modifications for diverse learners.
- **Teachers and staff plan for and facilitate the practice of skills in varying situations and settings.**

Questions to ask:

- ✓ *Do the children understand what they are learning? How do you know this?*
- ✓ *How are IEP goals and State Standards embedded into this activity?*

Universal Supports

- Plans should be based on and correlated to the standards.
- Teachers and staff should be aware of how the lesson and the activities relate to the standards, IEP's (as applicable), and progress monitoring (including formal, classroom-based, and district informational) tools.
- **Teachers and staff should facilitate practice of skills in various settings for all children.**

[Universal Design for Learning Overview](#)

Targeted/Specialized Supports

- Display visuals stating and showing learning goals for lessons, activities, and specific needs
- **Cue children to learning goals before activities as well as before and during practice opportunities.**
- Inform children verbally and visually how they are doing and remind them of what they have learned.
- **Teach skills directly and provide additional guided practice in varying situations.**

[Sample Matrix: Learning Goals](#)

Intensive Interventions

- State the goals for children with significant needs with simple and clear words and visuals, **followed by practice with emphasis on functional use of skills.**
- Collaborate with families and service providers to determine IEP goals and how they will be addressed.

[Planning Matrix for Activities](#)

Evidence of Lesson Planning

1c. Plans and activities consider and accommodate for individual needs, including IEP goals.

Quality Indicators:

- Teachers' plans indicate use of adapted materials and activities when needed.
- Teachers' plans indicate **multiple modes of presentation of lessons and activities and allow for repetition and practice across various settings.**
- **Teachers plan for and allow multiple modes of participation in various settings and situations.**

Questions to ask

- ✓ Are needed adapted materials readily available to children?
- ✓ Are activities planned to allow for multiple modes of learning and responding?
- ✓ Are IEP goals noted on lesson plans and evident in instructional strategies?

Universal Supports

- Teachers and staff should become familiar with strategies that support all children across a wide range of differences and needs.
- Plan for accommodations and specialized materials as appropriate. **Consult with service providers and family members regarding meeting the needs.**
- **Monitor progress as well as success of supports in order to share and gather information with family.**

[Individualizing Services with Universal Design Learning \(TATS/FIN\)](#)

Targeted/Specialized Supports

- Plan and implement a systematic process of prompting.
- **Provide photos, visuals, and objects related to themes and lesson information.**
- Plan for using specialized and adapted materials for motor, vision, and cognitive needs. Plans should include information related to each child's access to activities.
- Allow for extended practice, re-teaching, and strategies such as sensory breaks, and hands-on practice.
- **Plan for practice in a variety of settings and situations.**

[Center Activities for Literacy](#)

Intensive Interventions

- **Consult and collaborate with family and service providers** to support goals and be certain that adapted materials are provided.
- **Include skills that are related to real-life and provide examples during lessons that allow children to use the information.**
- **Include adaptive and personal-care skills in the daily schedule and provide sufficient support and practice for children to learn the skills.**
- Implement specific plans to address behaviors, communication, AAC use as needed.

Evidence of Lesson Planning

1d. Teachers use ongoing progress monitoring to inform group and individual plans.

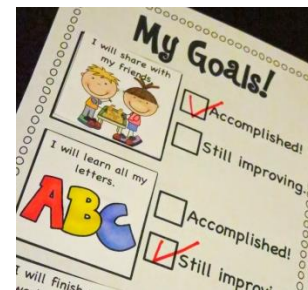

Quality indicators

- A system for collecting information about children’s performances throughout the day is in use by teachers/ staff (examples: clip boards, sticky notes, data sheets)
- **Teachers/staff use a system for recording and monitoring progress (examples: teacher-made tool, curriculum-based document, district informational tool)**
- **Progress monitoring is evident for skills at varying developmental levels and child outcome areas.**
- Information from progress monitoring is used to guide and inform instruction and planning.
- **Data is collected from observations in various settings and situations.**

Reading & Fine Motor	#1 Letter “F” Words 	#2 “999 Tadpoles” 
Math & Science	#6 Frog Life Cycle 	#7 Frog Jump Game 
Art	#11 Paper Plate Frog 	#12 Egg Carton Frogs 

Questions to ask:

- ✓ Does the teacher/staff use a progress monitoring tool that has specific skills listed?
- ✓ Does progress monitoring include a variety of skills across domains and at varying developmental levels?

Supports, Accommodations, Adaptations

Universal Supports

- Refer to FL Standards to determine ranges of development in functional use of skills.
- Include information from families in progress data.

Targeted/Specialized Supports

- Provide visuals that support children in understanding goals for specific lessons and activities.
- Provide visual expectations and a marking system such as checks or stickers to help children self-monitor.
- Support children in rating and determining “How I am Doing” related to the steps of learning a skill.
- Collect data that is related to specific steps of activities and record the needs for supports. Consult and collaborate with family members and service providers to help determine “next steps” for children.

Intensive Interventions

- Collect data that is detailed for each activity to describe the level of prompting and support needed, as well as the rate of progress. Data such as this is important for reviewing and revising learning goals.
- When collecting data related to behavior supports, include information that can be used in determining antecedent behavior as well as reinforcers.
- When collecting data related to communication, note the child’s modes of communication as well as reasons for communicating.

Evidence of Lesson Planning

1e. Activities match information in plan book and/or posted daily schedule.

Quality indicators:

- Teachers keep to the posted schedule in order to maintain consistency and predictability and **encourages independence in the use of schedules.**
- Teacher explains the routine and expectations throughout the year and children are able to **practice routines in a variety of situations.**
- **The schedule is flexible enough to address teachable moments or unexpected events that may arise.**

Questions to ask:

- ✓ *What happens if the children are particularly interested in an activity but the time for the activity is exhausted?*
- ✓ *Under what circumstances do you change or modify the daily schedule/routine?*

Targeted/Specialized Supports

- Children are provided assistance and support in learning the meanings of classroom visuals and are **provided guided practice during routines and activities.**
- Provide schedules that accommodate for needs for visual, cognitive, behavioral, and communication support, example: high contrast printing, object, tactile, photo schedule.
- Provide for and indicate in the posted schedule times for groups of various sizes as well as for individualized instruction as needed
