Crayola So Big Brush

Little hands will have no problem grasping the wide handle on this brush. The thick brush head facilitates easy application of paint. The natural white bristle is ideal for tempera and watercolors. For ages 3 & up.

Adaptive Grip Brushes

Perfect for beginners who are ready to explore the world of paint and color. Beginners, and those with limited hand movement, can easily grasp the large wooden ball handle of this brush. Each brush is made with long lasting natural bristles and a seamless aluminum ferrule on a lacquered wooden handle.

Crayola So Big Crayons

Crayola So Big Crayons are perfect for beginners or children with special needs. Each crayon is a whopping 5" long x 9/16" diameter (127 mm x 14 mm).

Pencil Grips

Designed by physicians to help stop writing fatigue, these colorful, soft rubber grips can also help small fingers hold pencils tight. They fit over pencils, pens, crayons, and many drawing and writing tools, including some brushes. Assorted colors. Sold separately.

Martin Universal Design Double-Sided Table Easel for Kids

This double-sided table easel for kids provides a sturdy, tip-free station for painting & drawing. It features a whiteboard (not dry-erase) on one side & a chalkboard surface on the other. One side has a wooden art supply tray, the other a wooden paint cup tray. It has clips to hold paper w/ four large plastic, non-spill paint cups with lids. This easel can be used on table or floor, making it ideal for immobile students & young artists. It folds up flat for easy storage and transport.

Armada Spring Action Scissors

These scissors feature spring action via a flexible plastic arm that keeps them open & ready to cut until squeezed shut. The 5" (13 cm) long plastic handle has a label insert for the students' name & a 1½" (4 cm) stainless steel cutting length.

Peta Dual-Control Training Scissors

Double loops on each handle allow a teacher and child to simultaneously complete the cutting action. The child uses the loops furthest from the blade, while the teacher uses the other loops to assist with any necessary control, pressure, or guidance. Peta Dual-Control Training Scissors provide extra smooth action and feature stainless steel blades w/ sturdy hard plastic handles. 6½" (16 cm) long overall. Cut is 1½" (4 cm).

Peta Long-Loop Easi-Grip Scissors

The continuous loop handle feature of Peta Long-Loop Easi-Grip Scissors makes them easy to operate, even for those with limited movement. Squeeze the scissors gently using the thumb on top and fingers through the long loop. For those with very limited movement, fingers can be placed over the long loop. Easi-Grip Scissors automatically reopen when the pressure is released. A blade guard is supplied for safety when the scissors are not in use. These scissors feature very smooth action, stainless steel blades, and a durable hard plastic handle. Length is 7¼" (18 cm) overall, with a 1¼" (3 cm) cut.

Peta Self-Opening Scissors

They look like conventional scissors but are fitted with a spring so that the scissor automatically reopens after pressure is released. Peta Self-Opening Scissors come with blade guards and feature extra smooth cutting action, stainless steel blades, and sturdy hard plastic handles. Length is 5" (13 cm) overall, with a 1½" (4 cm) cut.

Crescent Perfect Mount Self-Adhesive Mounting Board

This acid-free mounting board carries a pH neutral, pressure-activated adhesive. It permits easy positioning and repositioning until firm pressure is applied with a burnisher or press, forming a permanent bond. Perfect Mount board is the perfect choice for adhesive-resistant items such as photographs, varnished posters, prints on gloss paper, and laminated materials. It's easy to use, and there are no sprays or wet pastes to deal with.
