Observation Guide
Professional Development Tool

Evidence-based Practices for Early Childhood Classrooms

TATS is funded by the State of Florida, Department of Education, Bureau of Exceptional Education and Student Services (BEESS), through federal assistance under the Individuals with Disabilities Education Act (IDEA), Part B, Section 619.
1. Visual supports are used to enhance instruction

1a. Daily schedule is posted with pictures and words.

Quality indicators:
- The schedule is taught or referred to throughout the day and throughout the school year.
- The daily schedule is posted at the children’s eye level and is visible from most areas of the room.

Questions to ask:
- How often do you refer to the schedule throughout the day?
- How do you use the schedule to teach the routine and class expectations?

Supports, Accommodations, Adaptations

<td>Tips and Ideas for Making Visuals - article from CSEFEL (Vanderbilt)</td>
</tr>
</tbody>
</table>
1b. Schedule is used as a teaching tool to enhance transitions.

### Quality indicators:
- Teachers refer to the schedule throughout the day using it to share expectations.
- Teachers use the schedule to prepare children for changes in activities and movement from one instructional time to another.

### Questions to ask:
- ✓ How do you use the daily schedule to support transitions?
- ✓ How often do you refer to the schedule throughout the day?

### Supports, Accommodations, Adaptations

#### Universal Supports
- Pair the symbol with **corresponding verbal directions and provide guided practice** through the activity in order to give children practice in the correct actions.
- Provide a visual symbol and verbal cue that indicates that it is time to change activities.

#### Targeted/Specialized Supports
- Use **individual schedules** for children who need to manipulate the schedule cards or who need photos of actual situations.
- Provide **repeated instruction, modeling, and continued guided practice** for transitions.
- Incorporate schedules that show "first" and "then" to prepare and reassure children who benefit from knowing what will happen next.
- Incorporate a method to let children know that an **activity has been completed** or is over (turning the visual symbol over, or placing the symbol in a "finished" envelope).

#### Intensive Interventions
- Use transition cues that are **designed and individualized to meet specific needs**: photos, drawings, objects and representative objects, tactile, photos of the specific child in area or activity.
- Provide **increased monitoring and interaction** during each transition to give **reminders and reinforcement** for changing activities.

1. Visual supports are used to enhance instruction

1c. Rules are posted with pictures and words

Quality indicators:
- Children are able to see the rules, posted with pictures and words, from all areas of the room.
- Pictures are provided that clearly define the rules of the classroom.
- The number of rules ranges from three to five rules.
- Children participate in rule development.
- Rules are referred to throughout the school day and school year.
- Rules are easily understood by young children.

Questions to ask:
- How do you develop the classroom rules?
- How do you teach the rules to the children?
- How often do you refer to the rules throughout the day or the school year?
- How do you address rules that have been broken

<table>
<thead>
<tr>

<tr>
<td>→ Provide increased monitoring, repeated instructions, and guided practice along with visuals that are <em>designed to meet specific needs</em> (photos, objects)</td>
<td><strong>Classroom Rule Book</strong></td>
</tr>
<tr>
<td>→ Use an individualized schedule for delivery of <em>reinforcement</em>, starting with a <em>few focus rules</em> and <em>brief time periods</em>.</td>
<td></td>
</tr>
<tr>
<td>→ Provide an <em>individualized social script</em> with photos to address specific needs for understanding expectations.</td>
<td></td>
</tr>
</tbody>
</table>
### 1. Visual supports are used to enhance instruction

#### 1d. Class displays are child-created and/or related to instructional units.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
<th>Artistic Process Emphasized:</th>
</tr>
</thead>
<tbody>
<tr>
<td>- The classroom display changes throughout the year.</td>
<td>Children are permitted to explore and create.</td>
</tr>
<tr>
<td>- The display is predominantly child created.</td>
<td></td>
</tr>
<tr>
<td>- There is variety in the display – some projects are academic such as writing or patterning, some projects</td>
<td></td>
</tr>
<tr>
<td>are class projects, and some are purely for exploration and creative expression.</td>
<td></td>
</tr>
<tr>
<td>- The materials are hung at eye level.</td>
<td></td>
</tr>
</tbody>
</table>

**Questions to ask:**
- ✓ When are children allowed to create their own artwork or explore with creative materials?
- ✓ Are children allowed to create class projects that differ from the teacher provided samples?

**Links for Additional Information**
Right click to open in new window

### Supports, Accommodations, Adaptations

#### Universal Supports

- Discuss and display **expectations** for the art center and provide prompts and guided practice in selecting, using, and cleaning up materials.
- Encourage children to work in pairs or small groups and to **share ideas** for open-ended projects.
- Allow **extra time** or an additional time period for children to be able to complete their projects.

**Supporting Children's Projects**

**Universal Design for Learning in Early Childhood**

**How Process-focused Art Experiences Support Preschoolers - NAEYC**

#### Targeted/Specialized Supports

- Provide a **model** and step-by-step directions on a **mini-schedule** for the activity. Model each step of a teacher-directed project.
- Accommodate for **sensory defensiveness** by allowing a child to choose an alternative method of using materials.
- Use various **placements of paper** (horizontal, vertical) and provide a way to show the border of the artwork (tape, cookie sheet).
- Provide **tools** with various sizes and styles of grips and handles.

**Supporting Participation and Success**

**Fine Motor Activities for the Classroom**

**A Developmental Look at Children's Art**

#### Intensive Interventions

- Provide strategies for children with communication difficulties to participate in **labeling and describing** their projects.
- Provide **adapted materials** for children with physical difficulties or disabilities.
- **Consult and collaborate** with service providers (ex. Occupational/Physical/Vision)

**Accommodations and Adaptations for Classroom Tools**

**Fine Motor Development Checklist**

**Adapting Activities and Materials**
1. Visual supports are used to enhance instruction.

1e. Additional visual supports are used to support instruction.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Use of pictures to support verbal communication such as stop signs, individualized picture schedules, scripted stories for social situations or first/then boards.</td>
</tr>
<tr>
<td>Incorporation of manipulatives to support stories, finger plays and pictures paired with written words.</td>
</tr>
<tr>
<td>Labeled shelves for organization.</td>
</tr>
<tr>
<td>Visual supports provide non-verbal reminders and can enhance oral language development.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Questions to ask:</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ How do you incorporate visual supports to enhance instruction?</td>
</tr>
<tr>
<td>✓ How do you use picture cues to support children who are having difficulty with task completion, following the schedule or adhering to rules?</td>
</tr>
<tr>
<td>✓ Are they consistently used throughout the day, month or year?</td>
</tr>
<tr>
<td>✓ Are they revised as needed?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Supports, Accommodations, Adaptations</th>
</tr>
</thead>
</table>

### Universal Supports

- Post visuals in play centers and activity areas to support children in making choices, communicating desires, following routines.
- Provide visuals and manipulatives that support story comprehension, retelling and sequencing.
- Organize and clearly label shelves and provide visuals to support cleaning up and putting away materials.
- Provide visuals that remind children about social play and interacting with peers.

### Targeted/Specialized Supports

- Provide visuals that assist children in initiating and engaging in play scenarios and in using materials in the play centers.
- Pair visuals with instructions and guided practice during play centers and activity times.
- Pair photos of real objects with pretend toys and books to help children relate the information to real life.
- Provide communication visual prompts to help children engage with peers.
- Provide first-then strips and mini-schedules for play and activities.

### Intensive Interventions

- Provide supports that are individualized for specific needs (visuals, photos, objects, tactile) to help children understand and relate to instruction.
- Incorporate multi-sensory strategies and increase prompting levels to support participation.
- Provide individualized communication systems and/or adapted materials (tools, seating, movement, and sensory) to support participation.

### Links for Additional Information

- Literacy for Children with Combined Vision and Hearing Loss
## 2. Classroom materials are sufficient and in good condition.

### 2a. Classroom areas are organized, clearly defined, and un-cluttered.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• All areas of the room are clearly defined.</td>
</tr>
<tr>
<td>• Materials are organized and easily accessed by children and adults.</td>
</tr>
<tr>
<td>• Storage of materials not being used in centers or for current instructional units is minimal and not taking up classroom space.</td>
</tr>
</tbody>
</table>

### Questions to ask:
- ✓ How often do you rotate materials?
- ✓ How much of the classroom materials are available for use by the children?
- ✓ Which materials in the classroom can only be accessed by adults?

### Supports, Accommodations, Adaptations

#### Universal Supports
- → Define areas with signs (ex. centers, quiet/calm area, class library).
- → Post signs for areas that are not accessible during parts of the day (ex. computer area “closed”).

#### Targeted/Specialized Supports
- → Use carpets, carpet squares, and placement of furniture to further define areas of the room.
- → Provide photos and visuals for students to help clarify and define specific areas (ex. photo of block area with directions for where to play with blocks).
- → Provide visuals and instructions for putting away materials. Teach children how to match the labels on bins to the materials they are putting away.

#### Intensive Interventions
- → Arrange the room so that there is ample space for navigating for children who have special equipment, wheelchairs, walkers, and seating.
- → Provide adaptations within each area for children with needs for tactile, visual, hearing, motor, and/or communication supports.

### Links for Additional Information
- → [The Universal Design of Early Education - journal.naeyc](#)
- → [Designing Early Childhood Inclusive Classroom](#)
- → [Examples of Clearly Defined Areas - Specialized Supports and Intensive Interventions](#)
### 2. Classroom materials are sufficient and in good condition.

#### 2b. Shelves, bins, and areas for each child’s items are labeled.

**Quality indicators:**
- Words, pictures and shape outlines may be used when labeling.
- Children know where to put materials when not in use.
- The organizational system for the room is taught to the children.

**Questions to ask:**
- ✅ How do children know where materials are stored or where to get desired materials?
- ✅ How do the children know where to put materials when they are done?

<table>
<thead>
<tr>
<th>Supports, Accommodations, Adaptations</th>
<th>Links for Additional Information</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Universal Supports</strong></td>
<td><a href="#">Universal Design Tip Sheet</a></td>
</tr>
<tr>
<td>→ Labels for each child's areas for storing backpacks, lunchboxes, and individual items should be labeled with their names in addition to a recognizable visual (symbol, photo)</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Targeted/Specialized Supports</strong></th>
<th><a href="#">Examples of Labels for Specialized Supports and Intensive Interventions</a></th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Provide visual mini-schedules and/or social scripts to support children in the processes for locating, using, and putting away materials.</td>
<td><a href="#">Visuals for Supporting Play</a></td>
</tr>
<tr>
<td>→ Include labels to indicate that some areas are “closed” and that some materials are “Teacher” materials.</td>
<td></td>
</tr>
<tr>
<td>→ Provide direct instruction and guided practice along with visual mini-schedules for children who are not yet familiar with the directions and actions of cleaning up, putting away items according to category.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Intensive Interventions</strong></th>
<th><a href="#">Examples of Labels for Specialized Supports and Intensive Interventions</a></th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Provide hooks, cubbies, and bins that are accessible for children with motor, movement, or positioning needs. Examples: some bins with easily-removed lids, oversized hooks for hanging items, a cubby on the end of a row so that it is accessible for a child using a wheelchair.</td>
<td></td>
</tr>
<tr>
<td>→ Consider accommodations for vision, tactile, and hearing when labeling the areas and the materials in the room.</td>
<td></td>
</tr>
<tr>
<td>→ Provide labels related to safety. Emphasize and display safe use of furniture to decrease behaviors such as climbing on the shelves and tables.</td>
<td></td>
</tr>
</tbody>
</table>
## 2. Materials are sufficient and in good condition.

### 2c. Materials are of sufficient quantity, interest, and variety to engage all children.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Materials are stored on child-sized shelves.</td>
</tr>
<tr>
<td>- There are multiples of high interest class materials and shelves are stocked.</td>
</tr>
<tr>
<td>- There are plenty of activities available in the class that are rotated throughout the year, to keep children actively engaged and extend learning.</td>
</tr>
<tr>
<td>- Class materials are in good condition.</td>
</tr>
</tbody>
</table>

### Questions to ask:

- How often are materials rotated?
- Do children have access to high interest toys during center time activities?
- Can the children access materials independently?

### Supports, Accommodations, Adaptations

#### Universal Supports

- Consider the following when choosing materials:
  - Wide range of developmental levels
  - Wide and varied range of interests
  - Addressing all domains of development throughout the day
  - Variety in materials that provide: physical motor play, quiet time, pretend play, manipulative items, problem solving, individual as well as group activities

#### Targeted/Specialized Supports

- Provide visual scripts and guided interactive play to assist children who need support in understanding how to use some toys or in engaging in pretend play with peers.
- Increase engagement for all children through the use of peer buddies.
- Provide visuals that are specific to toys and materials for making choices and for communicating with peers during play.

#### Intensive Interventions

- Include toys that are cause and effect in nature and that have a variety of responses (ex. lighting up, making noise, moving) and that have a variety of required actions to activate.
- Include toys such as puzzles with large knobs and specialized materials with accommodations for tactile, vision, hearing needs.

## 1. Evidence of lesson planning

### 1a. Instruction is meaningful, purposeful, and addresses FL standards.

**Quality indicators:**
- Activities are developmentally appropriate for the child’s age and skill level.
- Children are working toward an intended goal, such as building a tower or expression through art activities.
- State standards and IEP goals are considered for both adult-initiated and child-initiated activities.
- Teachers prepare for lessons in advance with materials ready when children arrive.

**Questions to ask:**
- What are children learning?
- How are activities developmentally appropriate?
- How are IEP goals and State Standards (VPK) embedded into this activity?

### Links for Additional Information

- [Link to Florida Early Learning and Developmental Standards](#)
- [Resources for Universal Design for Learning](#)
- [Teacher Toolkit for VPK and FELDS](#)
- [Individualizing Instruction in Preschool](#)
- [Sample Lesson Plan (editable)](#)
- [Standards-based Instruction for Children with Intellectual Disabilities](#)
### Evidence of Lesson Planning

#### 1b. Teachers know and can describe instructional objectives and purpose of activities.

**Quality indicators:**
- Teachers can explain what children are learning throughout the day for all indoor and outdoor activities.
- Teachers can explain how activities relate to State Standards or IEP goals.
- Teachers are aware of IEP goals, accommodations and/or modifications for diverse learners.

**Questions to ask:**
- ✓ Do the children understand what they are learning? How do you know this?
- ✓ How are IEP goals and State Standards embedded into this activity?

---

#### Supports, Accommodations, Adaptations

**Universal Supports**
- Plans should be based on and correlated to the standards.
- Teachers and staff should be aware of how the lesson and the activities related to the standards, IEP's (as applicable), and progress monitoring (both formal and classroom-based) tools.

**Targeted/Specialized Supports**
- Display visuals stating and showing learning goals for lessons, activities, and specific needs.
- Cue children to learning goals and show corresponding visuals before lessons and before introducing key details.
- Inform children verbally and visually how they are doing and remind them of what they have learned.
- Teach skills directly and provide additional guided practice.

**Intensive Interventions**
- State the goals for children with significant needs with simple and clear words and visuals, followed by prompting and guided practice.
- Collaborate with families and service providers to determine IEP goals and how they will be addressed.

---

**Links for Additional Information**

- Teacher Toolkit for VPK and FELDS

- FL VPK Assessment to Guide Quality Instruction
- Sample Matrix: Know the Goal
- Planning Matrix from Head Start
- Ideas to Engage Students with Significant Multiple Disabilities
- Planning Matrix from Head Start
### Evidence of Lesson Planning

1c. Plans and activities consider and accommodate for individual needs, including IEP goals.

**Quality Indicators:**
- Teachers’ plans indicate use of adapted materials and activities when needed.
- Teachers’ plans indicate multiple modes of presentation of lessons and activities and allow for repetition and practice.
- Teachers plan for and allow multiple modes or responses from children.
- IEP goals are addressed on lesson plans.

**Questions to ask**
- Are needed adapted materials readily available to children?
- Are activities planned to allow for multiple modes of learning and responding?
- Are IEP goals noted on lesson plans and evident in instructional strategies?

**Supports, Accommodations, Adaptations**

**Universal Supports**
- Teachers and staff should become familiar with strategies for children who have been identified to have needs for support.
- Plan for accommodations and specialized materials as appropriate. Consult with service providers and family members regarding meeting the needs.
- Monitor progress as well as success of supports in order to share information with family.

**Targeted/Specialized Supports**
- Plan and implement a systematic process of prompting.
- Provide photos, visuals, and objects related to themes and lesson information.
- Plan for using specialized and adapted materials for motor, vision, and cognitive needs. Plans should include information related to each child’s access to activities.
- Allow for extended practice, re-teaching, and strategies such as decreased time at one task, sensory breaks, and hands-on practice.

**Intensive Interventions**
- Consult and collaborate with family and service providers to support goals and be certain that adapted materials are provided.
- Include skills that are related to real-life and provide examples during lessons that allow children to use the information.
- Include adaptive and self-care skills in the daily schedule and provide sufficient support and practice for children to learn the skills.
- Implement specific plans to address behaviors, communication, AAC use, as needed.

### Evidence of Lesson Planning

**1d. Teachers use ongoing progress monitoring to inform group and individual plans.**

#### Quality indicators
- A system for collecting information about children’s performances throughout the day is in use by teachers/staff (examples: clip boards, sticky notes, data collection sheets, targeted goals and skills).
- Teachers/staff use a system for recording and monitoring progress (example: teacher-made progress monitoring tool, curriculum-based document, purchased progress monitoring tool).
- Progress monitoring is evident for skills across domains and at varying developmental levels.
- Information from progress monitoring is used to guide and inform instruction and planning.

#### Questions to ask:
- Does the teacher/staff use a progress monitoring tool that has specific skills listed?
- Does progress monitoring include a variety of skills across domains and at varying developmental levels?

<table>
<thead>
<tr>
<th>Subject</th>
<th>Monday</th>
<th>Tuesday</th>
</tr>
</thead>
<tbody>

#### Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Refer to FL Standards and to developmental checklists in order to determine appropriate ranges of skill development in each domain.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Targeted/Specialized Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Provide visuals that support children in understanding goals for specific lessons and activities.</td>
</tr>
<tr>
<td>→ Provide visual expectations and a marking system such as checks or stickers to help children self-monitor.</td>
</tr>
<tr>
<td>→ Support children in rating and determining “How I am doing” related to the steps of learning a skill.</td>
</tr>
<tr>
<td>→ Collect data that is related to specific steps of activities and record the needs for supports. Consult and collaborate with family members and service providers to help determine “next steps” for children.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Intensive Interventions</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Collect data that is detailed for each activity to describe the level of prompting and support needed, as well as the rate of progress. Data such as this is important for reviewing and revising learning goals.</td>
</tr>
<tr>
<td>→ When collecting data related to behavior supports, include information that can be used in determining antecedent behavior as well as reinforcers.</td>
</tr>
<tr>
<td>→ When collecting data related to communication, note the child’s modes of communication as well as reasons for communicating.</td>
</tr>
</tbody>
</table>

### Evidence of Lesson Planning

**1e. Activities match information in plan book and/or posted daily schedule.**

<table>
<thead>
<tr>
<th>Quality indicators:</th>
<th><img src="image.png" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Teachers keep to the posted schedule in order to maintain consistency and predictability in the classroom.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
<tr>
<td>• Teacher explains the routine and expectations throughout the year and children are able to learn routine.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
<tr>
<td>• The schedule is flexible enough to address teachable moments or unexpected events that may arise.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
</tbody>
</table>

**Questions to ask:**

- ✓ *What happens if the children are particularly interested in an activity but the time for the activity is exhausted?*
- ✓ *Under what circumstances do you change or modify the daily schedule/routine?*

### Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
<th><img src="image.png" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Visual supports for schedules and routines are displayed and referenced throughout the day.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
<tr>
<td>→ Visuals include a variety of representations in order to meet unique needs.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Targeted/Specialized Supports</th>
<th><img src="image.png" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Children are provided assistance and support in learning the meanings of classroom visuals and are provided guided practice during routines and activities.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>
<tr>
<td>→ Provide schedules that accommodate for needs for visual, cognitive, behavioral, and communication support, example: high contrast printing, object, tactile, photo schedule.</td>
<td><img src="image.png" alt="Image" /></td>
</tr>

### 2. Embedded instructional strategies in developmental domains

#### 2a. Independent functioning and self-care skills are incorporated in daily routines.

**Quality Indicators**
- Adequate time is allowed for children to participate as independently as possible. Children who need assistance are provided prompts that lead to independence.
- Self-care skills are incorporated into daily routines and children participate in activities such as being “snack helper” or other classroom jobs.
- Children clean up and help organize/put away materials.

**Questions to ask**
- Is ample time allowed during the daily schedule for children to perform self-care skills?
- Are children encouraged and taught to help with cleaning up and other classroom jobs?
- Are there visuals to support children through the steps of self-care tasks?
- Is assistance (with a plan for fading prompts) provided for children who need assistance?

**Supports, Accommodations, Adaptations**

**Universal Supports**
- Teach children the steps of self-care routines and allow time in the daily schedule for them to practice.
- Place visuals showing step-by-step processes for routines.
- Employ appropriate system of prompting in order to develop independence.

**Targeted/Specialized Supports**
- Provide direct instruction using verbal and model directions for steps shown in visuals.
- Enhance instruction and practice through use of classroom books and toys in centers.
- Coordinate with families in order to provide consistency in teaching self-care skills.

**Intensive Interventions**
- Consult and collaborate with therapists and service providers to develop plans to support children with physical and/or cognitive needs.
- Ensure that children with significant needs for support are given ways to participate as much as possible in their self-care routines.

Embedded instructional strategies in developmental domains

2b. Gross and fine motor skills are included in daily lessons and activities.

### Quality Indicators
- Movement activities are provided periodically throughout the day (ex. movements, marching, walking like animals during circle and/or transitions)
- Active play is facilitated and encouraged.
- A variety of fine motor activities and materials are available throughout the day.
- Fine motor activities are developmentally appropriate and engaging and children receive assistance in fine motor tasks if needed.
- Adapted materials and tools are available for fine and gross motor activities

### Questions to ask
- Are motor breaks and motor activities built into daily routines (example: movement activities interspersed with seated activities during circle time; movements incorporated into transitions)?
- Does the classroom offer a variety of fine motor activities, some of which are provided in centers and free choice areas?
- Do adults encourage and reinforce gross and fine motor activities throughout the day?

### Supports, Accommodations, Adaptations

#### Universal Supports
- Lesson plans and daily schedules should include opportunities for gross motor, fine motor, and perceptual motor activities throughout the day.
- Children are encouraged and reinforced for their participation in motor activities at varying levels of developmental skills.

#### Targeted/Specialized Supports
- Specialized materials and tools are provided to meet physical, cognitive, and developmental needs.
- Movement and sensory activities are provided periodically and increased for children based on individual needs.
- Assistance and individual instruction are provided when needed.

#### Intensive Interventions
- Consult and collaborate with therapists and service providers to provide needed accommodations and adaptations for children with significant needs for support.
- Provide assistance and individualized instruction and guided practice with extended time allotments as needed.

Embedded instructional strategies in developmental domains

2c. Social/emotional skills instruction is provided throughout the day.

Quality indicators:
- Teachers use direct instruction of social emotional skills (such as sharing or turn taking).
- Teachers take advantage of “teachable moments” to reinforce taught skills.
- Teachers clearly communicate expectations and choices.
- Teachers respect and understand the feelings and emotions of children and help them identify acceptable solutions to difficulties.

Questions to ask:
- When do you provide children with instruction related to acceptable behavior?
- How are the rules and teacher expectations communicated to children?
- Are children taught alternative and acceptable behaviors to replace inappropriate behaviors?

Supports, Accommodations, Adaptations

Universal Supports
- Provide instruction and practice for social skill development throughout activities.
- Provide adult interaction and prompting during play in order to facilitate social peer interaction.

Targeted/Specialized Supports
- Provide direct instruction, supported by visuals and guided practice, for development of social skills.
- Provide instruction with supports and guided practice for children to provide them with strategies for problem solving and seeking assistance when needed.
- Provide individualized social scripts, photo and visual examples, and communication prompts for skills associated with play, group interaction, and class rules, for example.
- Include recognition of self and others’ emotions and feeling in lessons and in teachable moments.
- Teach and provide practice and visual supports with prompting for self-regulation skills.

Intensive Interventions
- Implement specific behavior plans with instruction of social skills included along with interventions to address problem behaviors.
- Consult with service providers and include families in instructional strategies to maintain consistency in expectations and supports.

## Embedded instructional strategies in developmental domains

### 2d. Emphasis on language and communication

**Quality indicators:**
- Teachers actively engage children in social conversation beyond the scope of the prescribed curriculum.
- Teachers identify vocabulary or linguistic concepts and embed them into teaching and learning opportunities.
- Teachers provide opportunities to practice use of new vocabulary or linguistic concepts.

**Questions to ask:**
- How do you incorporate language or communication-building activities into all areas of the daily routine?
- What types of questioning strategies do you use to expand thinking and expressive/receptive communication skills?

### Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Support communication and language development with inclusion of visual supports throughout routines and schedules.</td>
</tr>
<tr>
<td>→ Include vocabulary words with meaningful conversation and discussion with class staff and children throughout the day.</td>
</tr>
<tr>
<td>→ Facilitate communication and language development during play and group activities.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Targeted/Specialized Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Provide visuals to support development of communication and language and vocabulary.</td>
</tr>
<tr>
<td>→ Plan activities that provide opportunities for direct instruction with guided practice to children who require support in skills of answering questions, initiating comments, making choices for example.</td>
</tr>
<tr>
<td>→ Provide direct instruction with guided practice for children to address varying modes and levels of development.</td>
</tr>
<tr>
<td>→ Provide specialized materials for communication.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Intensive Intervention</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Consult and collaborate with service providers and therapists to implement specific specialized programs, such as AAC devices, to address significant needs.</td>
</tr>
<tr>
<td>→ Communicate and coordinate with families to provide consistency of interventions.</td>
</tr>
</tbody>
</table>

### Embedded instructional strategies in developmental domains

#### 2e. Early literacy activities are embedded throughout the routine.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
<th><img src="image.jpg" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>- Books and literacy materials are in all areas of the classroom, including centers.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>- Children have access to many books, on a variety of topics of interest, and at developmentally appropriate levels.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>- Books are rotated throughout the year and coordinate with the class units of study.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>- Children are provided the opportunity to read and write throughout the day during adult-directed and child-directed activities.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
</tbody>
</table>

#### Questions to ask:

- How often do children visit the reading area or are children read to individually or in small groups?
- What materials are children provided for independent writing? Where are they located in the classroom?
- How are children encouraged to select stories to read for pleasure that are not tied to the current unit of study?

<table>
<thead>
<tr>
<th>Supports, Accommodations, Adaptations</th>
<th>Links for Additional Information</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Universal Supports</strong></td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Provide books, stories, and lessons that address varying developmental levels.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Plan lessons that address varying needs for extended and guided practice, hands-on activities, and real-life, visual, and photo connections.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td><strong>Targeted/Specialized Supports</strong></td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Consider children's knowledge of pre-requisite skills when teaching new skills.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Provide step-by-step practice, paired with visuals and/or photos, for teaching skills.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Include multi-sensory activities related to early literacy in centers and activity areas.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Ensure that children are given varying modes to respond to activities, questions, and books.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td><strong>Intensive Interventions</strong></td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Consult and collaborate with service providers and therapists to determine supports for children with significant needs in areas such as responding and using/manipulating materials.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
<tr>
<td>→ Provide interventions, accommodations, and adaptations to address needs for individual instruction, adapted materials, and physical assistance.</td>
<td><img src="image.jpg" alt="Image" /></td>
</tr>
</tbody>
</table>
## Embedded instructional strategies in developmental domains

### 2f. Children are supported in awareness and use of learning goals

**Quality indicators:**
- Visuals support themes and daily lessons.
- Teachers reference “what we are learning”, support lessons visually, and follow up with activities to reinforce learning goals.
- Topics are introduced to children so they are oriented to teaching and learning tasks. Children can explain targeted vocabulary.

**Questions to ask:**
- **Children:** What are you learning here?
- **Children:** Why is this important?
- **Teachers:** How do you use questioning to expand thinking and language comprehension/use?
- **Teachers:** How do you introduce lessons so the children find them meaningful and can make connections to previously learned materials?

### Supports, Accommodations, Adaptations

#### Universal Supports
- Display current themes and learning goals in the classroom.
- Include goals in daily schedules and lessons.
- Clearly state the goals of lessons and activities.
- Discuss goals with children and give them opportunities to provide information about what they want to learn, are learning, and how they are progressing.

#### Targeted/Specialized Supports
- Provide visuals/photos that show children lesson goals.
- Provide simple charts that show children “how many” or “how much” they are accomplishing in relation to their goals.
- Provide photos of “what it looks like” when a specific task is being accomplished.
- Break long-term goals into small tasks and provide reinforcement frequently during each step.

#### Intensive Interventions
- Provide adapted materials and presentations to assist children in understanding group and individual goals.
- Provide modes of presentation and responses that facilitate participation of each child in activities that address goals.

- TATS Talk - Teaching Lessons that Last a Lifetime - Promoting Independence
- Adapting Activities and Materials for Young Children with Disabilities
### 3. Engagement and Responsiveness

#### 3a. Adults and children are engaged in the current activity

**Quality indicators:**
- Adults are aware of what is happening in the classroom.
- There is a balance of teacher directed and child directed activities.
- Children have the opportunity to make choices and teachers **facilitate** their learning, allowing the children to lead, during this time.
- Teachers check email, work on the computer, or use the cell phone during designated planning times.
- Teachers are having conversations with children and are genuinely interested in the lives of the children.

**Questions to ask:**
- ✓ *When do you allow children to make choices?*
- ✓ *How do you facilitate, rather than direct, instruction?*
- ✓ *When do you have conversations with children?*

### Supports, Accommodations, Adaptations

#### Universal Supports
- Plan lessons that address varying needs for extended and guided practice, hands-on activities, and real-life, visual, and photo connections.
- Classroom adults provide feedback, redirection, and supports as needed.
- Classroom adults are observant of children’s engagement for purposes of providing support and progress monitoring.

#### Targeted/Specialized Supports
- Provide adaptations and modifications as needed to assist children in staying engaged and participating.
- Include multi-sensory activities related to lessons and themes in centers and activity areas.
- Ensure that children are given varying modes to respond to activities, questions, and books.

#### Intensive Interventions
- Consult and collaborate with service providers and therapists to determine supports for children with significant needs in areas such as responding and using/manipulating materials.
- Provide interventions, accommodations, and adaptations to address needs for individual instruction, adapted materials, and physical assistance.

### Engagement and Responsiveness

#### 3b. Conversations (child/child or adult/child) are encouraged and observed

**Quality indicators:**
- Teachers talk with children about instructional and non-instructional activities.
- Teachers and children laugh and teachers seem genuinely interested in the children's attempt to communicate.
- Teachers do not use language and communication for the sole purpose of directing children, teaching a new skill or asking questions about activities.

#### Questions to ask:

- How / when do you have conversations with the children in the class?
- What types of things do you talk about?
- How do you encourage communication beyond instructional topics?

#### Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Set up the room with items and displays that interest children, talk about them, and encourage children to express interests.</td>
</tr>
<tr>
<td>→ Provide wait time and encouragement for children who are hesitant to talk or at beginning levels of communication.</td>
</tr>
<tr>
<td>→ Accept communication from all children in the classroom in the manner they are able to respond. Support efforts of children who have difficulty.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Targeted/Specialized Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Provide visuals such as core boards, communication boards, choice boards to support children.</td>
</tr>
<tr>
<td>→ Provide opportunities for children to “talk about” what interests them and support them with visuals/pictures/objects.</td>
</tr>
<tr>
<td>→ Support children in remembering words with visuals, songs, rhyming patterns.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Intensive Interventions</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Collaborate with therapists to develop individualized communication systems.</td>
</tr>
<tr>
<td>→ Be observant of each child’s individual levels of development, modes of communication, and preferences for play and toys.</td>
</tr>
<tr>
<td>→ Teach children to make choices and provide visual and object support.</td>
</tr>
</tbody>
</table>

### Engagement and Responsiveness

**3c. Adults demonstrate respect and cooperation in working together.**

#### Quality indicators:
- Teachers share in the responsibilities of the classroom.
- Teachers work together as a team when planning, facilitating and implementing daily activities.
- Teachers speak to each other with kind words and professionalism.
- Teachers seem genuinely happy to be in the classroom and enjoying the children and planned activities.

#### Questions to ask:
- How are responsibilities shared?
- Do you enjoy your work and the children you educate?
- Are duties of teachers/staff varied according to interests and talents? Are the “desirable” and “undesirable” tasks rotated?

---

#### Supports, Accommodations, Adaptations

### Engagement and Responsiveness

3d. Adults are interacting with, or facilitating interaction between children.

**Quality indicators:**
- Adults are engaged with activities with children.
- Adults allow children to assume the role of activity leader and follow the lead of the children.
- Adults give children the strategies they need to successfully interact with peers and adults.
- Adults exhibit proximity to the children by remaining in areas where children are working and are at the children’s eye level.

**Questions to ask:**
- When / how do you allow children to “take the lead” in the classroom or during unstructured activities?
- How do you help children develop independence in their interactions with peers and adults?

### Supports, Accommodations, Adaptations

#### Universal Supports
- Arrange the room so that children have a variety of interesting activities.
- Provide centers and toys that encourage children to initiate activities and to invite friends to join.
- Reference and discuss skills for peer interactions during activities. Relate books to social skills.

**Links for Additional Information**
- Activities that Encourage Cooperative Play
- Book Nook - Example of Using Books to Support Social Emotional Skills

#### Targeted/Specialized Supports
- Provide and teach visuals related to class rules, peer interactions.
- Facilitate peer interactions and encourage skills such as initiating play, problem solving, and handling conflict.
- Remain in close proximity to groups of children for monitoring, providing guided practice of play and interaction skills.
- Provide feedback, reinforcement, and additional instruction and practice.

**Links for Additional Information**
- Facilitating Peer Interaction – University of Arizona
- Teaching Young Children Self-Control Skills
- Supporting Children During Play
- Helping Children Learn to Make Decisions
- Grouping Children for Social Growth

#### Intensive Interventions
- Develop or use a curriculum of lessons that address specific skills. Provide intensive intervention and additional instruction for children who are experiencing difficulties.
- Provide and teach visual cues for social interaction.
- Develop social stories that address a specific skill for children experiencing difficulty. Include visuals and actual photos in the story.

### Engagement and Responsiveness

3e. There is evidence that teachers communicate and collaborate with families.

<table>
<thead>
<tr>
<th>Quality Indicators:</th>
<th><img src="image" alt="Family Information" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>Teachers/staff maintain regular communication with families about classroom themes, schedules, and goals, including suggestions for follow-up at home.</td>
<td></td>
</tr>
<tr>
<td>Teachers maintain communication with families about individual children’s performances and needs, being sure to maintain confidentiality for each child.</td>
<td></td>
</tr>
<tr>
<td>Teachers/staff consult with and include administrators if problems arise during interactions with families.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Questions to Ask:</th>
<th><img src="image" alt="Welcome" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ Is information about classroom themes and events posted in a family information area?</td>
<td></td>
</tr>
<tr>
<td>✓ Are families encouraged to visit (within guidelines established by administrator), correspond, and/or make appointments to visit or conference?</td>
<td></td>
</tr>
<tr>
<td>✓ Do teachers/staff adhere to rules related to confidentiality of students?</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>

<td><strong>Partnering with Families of Children with Disabilities</strong></td>
</tr>
</tbody>
</table>
4. Differentiated Instruction

4a. Teachers conduct ongoing progress monitoring to inform instruction.

Quality indicators:
- Teachers refer to information from progress monitoring to develop differentiated instructional strategies and include these strategies in the lesson plan books.
- Teachers recognize children’s different levels of participation and make changes as needed.
- All children are active participants in each instructional lesson.

Questions to ask:
- What resources do you use to support scaffolding of instruction?
- Where do you address differentiated instruction in your lesson plans?
- How do you include all children as active participants in the lessons or class activities?

## Supports, Accommodations, Adaptations

### Universal Supports

- Employ use of Student Progress Monitoring to inform daily instruction and goals – examples below:
  1. Evaluate trend data or evaluate a set of the last four data points to set new goals (upward trend), re-teach or amend current goals (downward or non-moving trends)
- Incorporate progress monitoring into daily routines. Collaborate with staff and family members to gather accurate data about additional environments.

### Targeted/Specialized Supports

- Use skill assessment checklists that focus on developmental stages.
- Develop a planning matrix based on goals as they relate to the daily routine. Use the matrix to determine which progress data to collect at varying parts of the routine.
- Gather information related to IEP goals as well as information related to classroom performance throughout the day.

### Intensive Interventions

- Break down goals into smaller steps (task analysis) to show progress or continued needs more accurately.
- For children with highly individualized needs, collect data more often so that needs are evaluated frequently.
- Adjust goals, lessons, and interventions as indicated by data from progress monitoring.

### Differentiated Instruction

#### 4c. Accommodations or modifications are used as needed and/or indicated on IEP’s

**Quality indicators:**
- All children are active participants in the class activities.
- Activities are modified to accommodate the needs of children who are unable to meet the same instructional standards as their typically developing peers.
- Accommodations or modifications are documented in lesson plan books.
- Accommodations or modifications are in accordance with IEPs.

**Questions to ask:**
- *What types of modifications are used to ensure participation of children with special needs in all activities?*
- *What types of accommodations are used to ensure the participation of children with special needs in all activities?*
- *How are you documenting accommodations or modifications?*
- *Are you aware of, and implementing, accommodations or modifications for children with IEPs?*

### Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Be aware of family goals, instructional plans, and IEP goals and objectives and develop plans needed to address those goals.</td>
</tr>
<tr>
<td>→ Be aware of your role at IEP meetings or family conferences to discuss the needs of your children.</td>
</tr>
</tbody>
</table>

<table>

## Differentiated Instruction

### 4d. Varieties of group sizes (whole, small, individualized) and length of activities are used.

#### Quality indicators:
- Sizes of groups vary and children are grouped in ways that expose them to multiple abilities and activities.
- Small group and individual practice is provided as follow-up for teaching skills introduced in whole group lessons.
- Teachers/staff are aware of and plan for shortening the time of activities or breaking activities into short/small components when needed to address needs.
- Teachers are aware of class/group size ratio indicated on IEP’s and provide some groupings that address the recommended ratio when possible (teachers should note this in lesson plans).

#### Questions to ask:
- How are group sizes varied and used in the classroom?
  - Are children grouped with different peers on a regular basis?
- Is the length of time of activities varied or individualized based on learning needs of the children?

## Supports, Accommodations, Adaptations

### Universal Supports
- Observe and monitor children in various size groups. Make use of small group sizes to observe children more closely and to observe social dynamics of groups.
- Provide activities that promote cooperative play. Facilitate various size groups during play.

### Targeted/Specialized Supports
- Make use of various size groups during the daily routines and schedules in order to meet individual needs for instruction, self-care, and social skill training.
- Individualize lessons, interests, and curriculum adaptations during small group times in the routines.
- Develop activity matrixes that address small groups as well as individual instruction.
- Provide time in groups of various sizes that are based on a variety of traits, interests, and abilities.

### Intensive Interventions
- Develop daily schedules that provide for both group and individual instruction based on children’s IEP’s.
- Incorporated additional guided practice, individualized instruction, and intensive interventions into small group/individual settings during the day.
- Plan for implementation of curriculum modifications during small group follow-up of lessons.

---

- [Ideas to Engage Children with Significant Disabilities](#)
## Differentiated Instruction

### 4e. All children have opportunities to participate with peers in activities.

#### Quality indicators:
- Children with special needs are active participants in all class activities.
- Lesson plans include notes related to IEP goals, accommodations, modifications or differentiated instructional strategies as needed.
- Materials and activities are varied to accommodate for individual needs in learning styles, attention spans, needs for movement, repetition, and multiple modes of response.
- Teachers demonstrate and encourage empathy and tolerance and teach skills for interacting and problem-solving with peers.

#### Questions to ask:
- Are needed accommodations and adaptations readily available to facilitate all children being included in activities?
- Does an atmosphere of inclusion and friendship exist in the classroom?
- Do all teachers/staff work to support all children's participation in activities?

## Supports, Accommodations, Adaptations

### Universal Supports
- Determine what kinds of supports each child in the class needs to participate successfully.
- Provide the three basics of Universal Design:
  1. Multiple means of representation
  2. Multiple means of action and expression
  3. Multiple means of engagement

### Targeted/Specialized Supports
- Provide support strategies to enhance each child's participation in activities.
- Provide social skills instruction and guided practice to enable children with social and behavioral difficulties to participate with peers.
- Develop a program of positive support which includes visuals, routines, social skills lessons, and adapted curriculum instruction.

### Intensive Interventions
- Collaborate with therapists and service providers to develop needed supports in environment and curriculum activities.
- Develop IEP accommodations and other plans to provide supports needed for inclusion during activities.
- Use a range of service delivery options including varying group sizes and varying locations.
- Foster communication and collaboration with families.

5. Facilitation of Social Skills and Behavior Management

5a. A system is in place for teaching and providing practice for behavior expectations.

**Quality indicators:**
- Teachers are proactive instead of reactive.
- Teachers promote and recognize positive behavior.
- Teachers review the daily rules throughout the day allowing time for direct instruction and practice.
- Rules are posted with pictures and words.
- There are between 3 – 5 rules that are developed with child assistance.
- Teachers are aware of developmentally appropriate behaviors.

**Questions to ask:**
- How do children know what the rules mean?
- How often do you review the rules and classroom expectations?
- How do you take into account what is developmentally appropriate for typically developing children and children with special needs when addressing behavioral issues?

**Supports, Accommodations, Adaptations**

<table>

### Facilitation of Social Skills and Behavior Management

#### 5c. Additional supports and instruction are provided to students with behavioral/social difficulties.

**Quality indicators:**

- Children remain in group activities and are not seated away from the other children on a regular basis unless it is indicated on their behavioral plan or IEP.
- Children who experience difficulties with social behavior are reminded of and retaught skills and strategies as needed.
- Frequent and continued attempts are made to include all children in instruction and class activities.
- Children are not removed from activities (such as recess) because of difficulty in a class activity earlier in the day.

**Questions to ask:**

- ✓ How do you redirect problem behaviors?
- ✓ Are plans in place to keep children who are experiencing difficulty with the class group and to support those who need are unable to remain in the group?
- ✓ Are classroom staff members aware and trained regarding needs and supports for children who require intense behavior interventions or assistance for calming down?
- ✓ Are children provided with positive feedback regarding social behaviors?

**Supports, Accommodations, Adaptations**

**Universal Supports**

- Provide consistent feedback and reminders of class schedules and expectations with both verbal and visual supports.
- Teach calming down and self-regulation techniques as direct instruction and embedded throughout the day.
- Facilitate social interactions through center play, cooperative games, and group activities.

**Targeted/Specialized Supports**

- Provide individualized supports through visuals, posted schedules and rules, labels to define areas, and reminders throughout daily routines.
- Provide social scripts with pictures and photos to define and describe expectations and strategies.
- Provide clearly stated replacement behaviors and provide direct instruction and guided practice to help children develop self-regulation.

**Intensive Interventions**

- Collaborate with service providers and therapists to develop strategies across domains that impact behaviors (examples: communication, core board, AAC, or sensory needs)
- Collaborate with families to establish consistency and generalization of skills. Provide family members with information about community and school resources.
- Develop an individual positive support or behavior intervention plan if warranted.

Facilitation of Social Skills and Behavior Management

5d. Transitions are anticipated, taught, and supported throughout the day.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
<th><img src="5-more-minutes-to-play-hand" alt="Image" /></th>
</tr>
</thead>
<tbody>
<tr>
<td>• Transitions are planned instructional times and are documented in the lesson plan book.</td>
<td></td>
</tr>
<tr>
<td>• Children are prepared in advance for transitions during a morning review of the daily schedule and again when the activity is changing.</td>
<td></td>
</tr>
<tr>
<td>• Teachers provide children with skills and practice related to transitions, referring to the classroom rules and expectations.</td>
<td></td>
</tr>
<tr>
<td>• Teachers use visual supports to ease transitions such as first/then boards, daily schedules, picture cues or individualized daily schedules.</td>
<td></td>
</tr>
</tbody>
</table>

**Questions to ask:**
- ✓ How do you prepare children for transitions?
- ✓ What activities do you prepare to ease transitions?
- ✓ What types of visual supports do you use to ease transitions?
- ✓ Are these supports used throughout the day, week or year?
- ✓ Are they changed as the needs of the children change?

**Supports, Accommodations, Adaptations**

**Universal Supports**
- → Teach expectations for transitions through direct instruction and guided practice.
- → Provide supports for transitions with visuals, songs, rhymes, and other cues (sounds, actions)

**Targeted/Specialized Supports**
- → Provide picture and photo schedules and refer to them frequently. Individualize and provide guided practice.
- → Provide first/then statements to prepare for transitions.
- → Plan children’s class “jobs” so that they are closely related to times of difficult transitions. Provide positive feedback.
- → Develop social scripts related to specific transitions.

**Intensive Interventions**
- → Provide specialized supports for transitions (visual, tactile, auditory).
- → Provide guided practice and individual assistance to children who have difficulty following the steps of routines and transitions.
- → Collaborate with service providers and therapist to develop supports to address communication, sensory, motor, cognitive, and other concerns.

Facilitation of Social Skills and Behavior Management

5e. Opportunities and instructions are provided for making choices and initiating activities.

Quality indicators:
- There is a balance of adult directed and child directed activities throughout the day.
- Children are able to make choices during structured activities – such as stories or songs during the morning circle time.
- Children are able to make choices during unstructured activities – such as centers and recess.
- Children are permitted time to participate in academic or learning tasks of their choice without direct instruction from the teachers.

Questions to ask:
- At what times of the day are children permitted to make choices for preferred activities?
- Do you allow children to make choices during structured activities? How so?

Supports, Accommodations, Adaptations

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>Develop a daily schedule with a balance of activities that are child-directed with those that are teacher-directed.</td>
</tr>
<tr>
<td>Provide opportunities for children to have choices within the scheduled activities of the day.</td>
</tr>
<tr>
<td>Incorporate children's books which encourage discussions about decisions.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Targeted/Specialized Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>Facilitate play interactions and initiation with peers through guided practice, peer buddies, and adult modeling.</td>
</tr>
<tr>
<td>Teach and encourage choice making with visual charts, communication supports, and social scripts.</td>
</tr>
<tr>
<td>Provide social scripts and communication strips to support initiation and play with peers.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Intensive Interventions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provide individualized supports for selection and communication of choices (visual, tactile, auditory).</td>
</tr>
<tr>
<td>Collaborate with service providers and therapists to plan for use of core boards, AAC, and other modes of communication.</td>
</tr>
<tr>
<td>Teach choice making at developmental level and during motivating activities. Begin with real objects or photo representation of items.</td>
</tr>
<tr>
<td>Facilitate initiation of activities through guided practice and individual supports.</td>
</tr>
</tbody>
</table>
Facilitation of Social Skills and Behavior Management

5f. Teachers’ actions provide a nurturing and respectful environment.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teachers speak with kind words and a soft tone of voice to all children, even those who experience behavior difficulties.</td>
</tr>
<tr>
<td>Teachers share their concerns to children in a constructive manner and are proactive rather than reactive.</td>
</tr>
<tr>
<td>Children are respected.</td>
</tr>
</tbody>
</table>

**Questions to ask:**

✓ How do children know that they are cared for and respected in the classroom?

✓ What proactive strategies are put in place to prepare for children with behavioral issues?

---

**Supports, Accommodations, Adaptations**

<table>
<thead>
<tr>
<th>Universal Supports</th>
</tr>
</thead>
<tbody>
<tr>
<td>→ Engage with children on their level so that you are able to look directly at them.</td>
</tr>
<tr>
<td>→ Provide “wait time” when asking a question or requesting a response.</td>
</tr>
<tr>
<td>→ Personalize the environment with photos of the children and labels of their personal areas.</td>
</tr>
<tr>
<td>→ Ask children how you can be of help to them when you see struggles or difficulties.</td>
</tr>
</tbody>
</table>

**Pyramid Model of Supports**

- Giving Positive Attention
- Foundations of Emotional Development

**Targeted/Specialized Supports**

- Facilitate cooperative and imaginative play by suggesting ideas and focusing on kindness and friendship.
- Communicate expectations proactively and provide reminders regularly, not only when problems arise.
- Provide specific strategies for transitions, peer interactions, and routines in advance and with photos specific to each child’s needs.
- Provide assistance during whole group and small group activities to children who have difficulty following the lesson or remaining with a task.

**Links to Additional Information**

- Cooperative Games (with visuals)
- Communicating Expectations in Positive Terms

**Intensive Interventions**

- Collaborate with service providers, therapists, and classroom staff so that an atmosphere of respect, including confidentiality of information, is established in the classroom.
- Discuss progress, needs, and IEP-related information with family members in a respectful and helpful manner.
- Provide information about community and school resources to families as appropriate.

**Links to Additional Information**

- Pyramid Practices Checklist (including Individualized Interventions)
- Strategies for Children with Challenging Behaviors (includes family involvement)
- Tool Kit for Trauma-informed Care
### 6. ESE supports and services

#### 6a. Teachers/staff are aware of IEP goals, accommodations, and special needs.

<table>
<thead>
<tr>
<th>Quality indicators:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teachers are aware of the goals written into the IEP for children with special needs.</td>
</tr>
<tr>
<td>Teachers embed IEP goals into daily activities.</td>
</tr>
<tr>
<td>Children with special needs are active participants in class activities with accommodations and modifications as needed.</td>
</tr>
<tr>
<td>Integration of IEP goals is documented in lesson plans.</td>
</tr>
</tbody>
</table>

#### Questions to ask:

- How do you document integration of IEP goals into the lesson plans?
- How often do you refer to the IEP and goals?
- How/when do you collect data toward goals?

---

### Supports, Accommodations, Adaptations

#### Universal Supports

- Provide the following supports for all children:
  - Differentiated instruction
  - Visually posted schedules, routines, and rules
  - Embedded instruction throughout domains
- Gather information regarding children’s progress and areas of need. Include supports in lesson plans.
- Follow district and school guidelines for screening children who experience difficulties.

#### Targeted/Specialized Supports and Intensive Interventions

- Embed instruction throughout domains into daily routines and indicate specialized supports in lesson plans.
- Provide individual assistance as needed and as indicated in IEP.
- Provide varying levels and modes of support (visual, tactile, auditory, and physical) according to developmental levels and specific disability-related characteristics.
- Maintain an atmosphere of respect, acceptance, and friendship so that children are included in activities and peer buddies are established.

---

# ESE supports and services

## 6b. Teachers meet required deadlines, updates, progress monitoring, IEP mandates.

**Quality indicators:**
- Teachers are aware of dates for IEP reviews, progress reports, and the paperwork needed for scheduling meetings and sending invitations.
- Teachers provide information about meetings, evaluation/re-evaluation needs to administrator and appropriate district personnel.

### Questions to ask:
- **✓ Is the teacher up-to-date on required IEP components?**
- **✓ Does the teacher communicate with parents, administrator, and staff as indicated on the IEP?**

## Supports, Accommodations, Adaptations

### Universal Supports
- Maintain accurate progress monitoring for all children.
- Follow district and school guidelines for screening children who experience difficulties.
- Refer to developmental checklists, along with Florida Early Learning and Developmental Standards, when considering and discussing children's possible needs for support.

### Targeted/Specialized Supports and Intensive Interventions
- Maintain regular progress monitoring related to children's progress in both classroom activities and specific IEP goals.
- Document levels of supports and prompts needed by children in addressing IEP goals and facilitating participation in classroom activities.
- Provide information related to community and school resources to families.
- Welcome and encourage families to ask questions and provide input regarding classroom performance and needs of their children.

### ESE supports and services

#### 6c. Teachers/staff coordinate and plan with service providers (ex. SLP, OT, PT)

**Quality indicators:**
- Teachers/staff coordinate with service providers by sharing information about individual student and classroom needs.
- Teachers/staff provide information, schedules, and planning notes to service providers and assist in providing an integrated model of therapy.

**Questions to ask:**
- **✓ Does the teacher coordinate with and include service providers in plans, lessons, and activities?**
- **✓ Does the teacher welcome therapists into the classroom and facilitate an inclusion model of service delivery?**

---

### Supports, Accommodations, Adaptations

**Universal Supports**
- Follow district and school guidelines for screening children who experience difficulties.
- Refer to developmental checklists, along with Florida Early Learning and Developmental Standards, when considering and discussing children’s possible needs for support.

**Targeted/Specialized Supports and Intensive Interventions**
- Maintain regular progress monitoring related to children’s progress in both classroom activities and specific IEP goals. Collaborate with service providers and therapists regarding progress and needs.
- Document levels of supports and prompts needed by children in addressing IEP goals and facilitating participation in activities. Schedule and collaborate with therapists regarding daily schedule, routines, and needs of children.
- Collaborate with service providers and therapists regarding development of specific plans to address individual needs and supports.
